Matthew, this looks good to me. But remember to add deer fencing (post and wire) around the plantings. It's a major deer zone and the deer will eat the plantings.

Hi Pam,

I am attaching a pdf file (3 slides) of my mother Elizabeth's proposal regarding a planted privacy barrier near the Joakim-Wallace property line. Please show this during the 2/24 ZBA meeting. She will provide her comments in a separate email.

Thank you!

Best,
Matthew Joakim
